

Motivation Comic Book

Project 14.2

You are going to create a dramatization of one of the motivational diseases. You will create a hypothetical athlete and tell a story about this athlete that displays one of the motivational diseases. Use one of the following formats:

- 1) Comic Book
- 2) Flash animation (or other animating software)
- 3) Movie (live action)

Choose the format that you will be able to do the best. Each format has different requirements, but these are the basic requirements for all.

- 10 pts **Preliminary Outline**—Plan out the project in pencil.
 - Comic Book: sketch out the 16 frames of your book
 - Flash: sketch and/or written description of each scene
 - Movie: sketch and/or written description of each scene
- 30 pts **Actual Project**—The requirements will depend on which format you chose. The Back side of this handout has the requirements for each one.
- 20 pts **Diagnosis**—You will hand in a type written diagnosis and treatment plan for this athlete.
 - Typed
 - 1 full page minimum
 - Describe the symptoms that the athlete displays in the story, which disease he has, and then what treatment you would prescribe to him (or her)

DUE DATES:

Outline Due on _____

Final Project Due on _____

Comic Book Project

- A **Preliminary Outline** planning out what it will be like
 - Should be a rough sketch of the 16 frames described below
- A **Title Page** which includes-
 - The title of your story
 - Your name and period
 - A full size picture that summarizes the story well or serves as the introductory frame to the storyline
 - In color
- **16 Frames** that portray your athlete's story-
 - 4 pages with 4 frames per page
 - no stick figures
 - in color (either by hand or computer generated)
- **Diagnosis** (see front side for details)
 - Stapled to the end of your Comic Book

Flash Animation Project

- A **Preliminary Outline** planning out what it will be like
 - See front side for details
- **Flash Animation**
 - Includes a title, name, and period
 - At least 5 minutes long
 - Includes both animation and sound
 - Plays without problems
- **Diagnosis**
 - See front side for details
- **Turning it in**
 - Ask your teacher what the best format for turning it in will be.

Movie Project

- A **Preliminary Outline** planning out what it will be like
 - See front side for details
- **Movie**
 - Includes a title, name and period
 - At least 5 minutes long
 - Includes both live action and sound
 - Plays without problems
- **Diagnosis**
 - See front side for details
- **Turning it in**
 - Ask your teacher what the best format for turning it in will be.
